

I would be extremely disgusted if you got rid of the "no call" list in Wisconsin. We have a right not to be hassled by companies, or banks or whatever. With the number of people that signed up for the no call list, it amazes me that these banks or businesses are that stupid that they feel we would welcome their call and want to do business with them. Also, I think that the names of these banks and businesses that are trying to get rid of the no call list should be made public.
